Summary

Aspiring Data Analyst with a strong foundation in SQL and Python, eager to apply analytical skills to real-world datasets. Proficient in data cleaning, visualization, and exploratory analysis using **Pandas, NumPy, and Matplotlib**. Experienced in crafting efficient SQL queries for data extraction and transformation. Passionate about leveraging data-driven insights to support decision-making. Enthusiastic learner, ready to take on challenges in a dynamic, analytical environment.

Education

Ushodaya merit school - (SSC)   2019

GPA: 10/10

Narayana JR college - (INTERMEDIATE)   2021
SCORE :898/1000

Pragati engineering college - (B.TECH)   2021 - 2025

Stream: Electrical and Electronics Engineering

GPA:7.5/10

Skills

- Python Programming
- Web development Skills:-HTML and CSS skills and basic Javascript
- Database :- MYSQL ,POSTGRESQL
- Excel
- Data Manipulation & cleaning :- Numpy , Pandas
- Data Visualization :- Matplotlib, Seaborn
- Development tools :- VS code and MYSQL Workbench , GITHUB , Jupyter Notebook

Project

Adaptive power based smoothening of solar energy with battery backup(CORE):-

- Due to low natural resources solar energy is convertible and reusable.
- By this project we can able to use and save the unused or overloaded solar power in the battery.
- This stored power will be used in Rainy and Bad sunlight period for household power or Else we give to grid with mode switching.
- Advantages :-
- Saving natural resources.
- Less global warming.
- Disadvantages :-
- Investment cost is highly priced.

Tech projects :-

- Web development Tools :- I created a simple responsive Portfolio website and sign in & login pages.
- Using **Python** :- Time-math challenge , encrypting and decrypting passwords , Banking program (for checking balance ,deposits , withdraw functions), QR code Creator .
- Using **Javascript** :- Counter and simple calculator .
- I query International student health survey , Carbon-emissions , London-journeys using **SQL&POSTGRESQL** .
- **Data analysis** on Smokers-medical-insurance , House sale using Data handling ,manipulation & Data visualization tools.

Certifications

- INTRODUCTION TO CYBERSECURITY - CISCO
- DATA ANALYSIS JOB SIMULATION CERTIFICATION - DELOITTE
- **DATA** ANALYSIS WITH PYTHON – **IBM**
- DATABASE & SQL FOR DATA SCIENCE WITH PYTHON - **IBM**

Interests

- Narrating to others on different topics
- Watching Anime's in my free time
- Exploring to New and unknown places

Languages

- Telugu - **NATIVE**
- English
- Hindi

Strengths

- Problem solving.
- Leadership & Teamwork.
- Adaptive Learning & Innovative.
- Communicative and expressive.

Weakness

- Perfectionism.
- Risk of Burnout.
- Can mask true emotions.
